Summary

Information Systems Director and digital transformation consultant with 4 years of experience structuring information systems, digitalizing business processes, and delivering end-to-end solutions across Odoo, Microsoft 365, data, and executive reporting.

Experience

Compagnie Prestige Immobilier (CPI), Information Systems Director Dakar, Senegal
July 2026 – present

- Leads the structuring of the IS function and a digital transformation program covering governance, documentation, security, and adoption.
- Defines the Microsoft 365 + Odoo target stack to centralize business workflows, collaboration, document management, and executive reporting.
- Drives a 6-month recovery roadmap focused on traceability, access controls, backup, and change enablement.

LIC, Product, Data & Solutions Consultant Dakar, Senegal / Remote
Aug 2025 – present

- Continues part-time work on product scoping, business analysis, documentation, and technical-commercial alignment for e-commerce and business-management products.

G&G Professional Services, Technical & Data Consultant Dakar, Senegal
July 2025 – June 2026

- Led digitalization, integration, and business-system evolution missions for multiple clients, combining business scoping, reporting, coordination, and technical execution.
- Delivered critical EBS developments across logistics, purchasing, sales, accounting, CRM, website, and mobile service flows in a 6-warehouse, 30-route environment.
- Led Odoo v18 migration tracks and trained around 100 combined users on logistics, purchasing, inventory, and data discipline.

Teksi, Freelance Full-Stack Developer Montreal, Canada / Remote
Apr 2025 – Apr 2026

- Built a Student Management Service with Spring Boot, Angular, Docker, and DigitalOcean on a multi-tenant architecture designed for per-organization isolation.
