Summary

Information Systems Director and software builder focused on pragmatic digital transformation, operating systems, data workflows, and applied AI integration in real-world business environments.

Experience

- Compagnie Prestige Immobilier (CPI),** Information Systems Director

- Leads IS structuring and a transformation program across governance, documentation, security, and adoption.
 - Defines the Microsoft 365 + Odoo stack for business workflows, document control, collaboration, and executive reporting.
 - Executes a 6-month roadmap centered on traceability, controls, backup, and change management.

Dakar, Senegal
July 2026 – present
- LIC,** Product, Data & Solutions Consultant

- Translates user and business requirements into implementation-ready product scopes for web/mobile commerce and operations products.

Dakar, Senegal / Remote
Aug 2025 – present
- G&G Professional Services,** Technical & Data Consultant

- Built and evolved client business systems across logistics, procurement, sales, accounting, and CRM domains in live operational environments.
 - Delivered EBS workflow and reporting capabilities across 6 warehouses and 30 routes and led Odoo v18 upgrade streams with user training.

Dakar, Senegal
July 2025 – June 2026
- Teksi,** Freelance Full-Stack Developer

- Built a Student Management Service with Spring Boot and Angular on a multi-tenant model, deployed with Docker on DigitalOcean.

Montreal, Canada / Remote
Apr 2025 – Apr 2026

Applied AI & Systems Projects

Built data and KPI workflows for ERP and business operations contexts, using SQL/Pandas pipelines and dashboard-oriented outputs.

Delivered architecture decisions balancing business constraints, maintainability, and deployment speed across transformation contexts.

Technical Stack

- IS & Platform:** Microsoft 365, Odoo 18, PostgreSQL, Docker, Linux, DigitalOcean, CI/CD
- Backend & Data:** Spring Boot, SQL, Pandas, scikit-learn, API design
- Product & Delivery:** requirements framing, technical documentation, stakeholder communication, user training

Education

- Dakar Institute of Technology,** Master's in Artificial Intelligence

Mar 2026
- Higher Institute of Computer Science (ISI),** Bachelor's in Software Engineering

Sept 2025

Professional Certifications

DataCamp • AI Engineer for Developers Associate: practical model and workflow integration for application contexts.

Google/Coursera • Google AI Professional Certificate: broad applied AI concepts for product-level implementation.

Linux Foundation (LFD114) • Porting Software to RISC-V: systems-level rigor relevant to software portability and architecture thinking.

Languages

Spoken Languages: French, English, Wolof, Pulaar (fluent); Arabic, Spanish (intermediate)
